DATABASE SOURCES

RRPL offers a variety of online sources relating to automobile repair and car buying. To access these resources, visit <http://www.rrpl.org>, click on "Research Resources" on the left side navigation menu and choose "Automobiles" or "Consumer Information" under the provided subject listing. You will need an RRPL card to access these resources remotely.

CHILTON'S ONLINE AUTO REPAIR MANUALS

The Chilton Library application allows you to browse through an extensive list of vehicles in order to obtain vehicle specific information including repair procedures, Technical Service Bulletins/Recalls, and vehicle specific maintenance schedules and much more. JavaScript enabled browser required. Adobe Flash Player is required to view animations and videos that appear in the repair section of this site.

CONSUMER REPORTS

Consumer Reports serves consumers through unbiased product testing and ratings, research, journalism, public education, and advocacy. This database provides access to articles and ratings to guide consumers through automobile purchasing. Also includes information about car related purchases, such as tires, GPS units, car seats, and car batteries as well as useful tips on car maintenance and recalls.

EBSCOHOST

EBSCOhost is a powerful online reference system that offers a variety of full-text articles from leading information providers. Through EBSCOHost, users may access and print articles from automotive magazines and journals such as Automotive News, AutoWeek, and Motor Age. Read, email, or print articles.
